

IT Services > Managed Cyber Security Services > Managed Google Workspace Backup

## Managed Google Workspace Backup

Managed Google Workspace Backup is a service that provides you with reliable backup and data protection specifically for your Google Workspace environment.

Google Workspace (formerly known as G Suite) includes essential a suite of productivity and collaboration tools like Gmail, Google Drive, Google Docs, Google Sheets, Google Calendar, and Google Meet.

While Google Workspace provides some level of redundancy and data recovery options, they do not offer full-fledged backup solutions, which means that your data can still be lost due to ransomware attacks, accidental deletion, or other unforeseen events.

Our Managed Google Workspace Backup solution ensures that all of your important data is securely backed up and easily recoverable.

Managed Google Workspace Backup is an essential service if you rely on Google Workspace for your day-to-day operations.

By ensuring that all of your data is securely backed up and easily recoverable you are protected against data loss, you can more easily demonstrate your regulatory compliance, and you can enjoy improved business continuity in the face of unexpected events.

## Managed Google Workspace Backup Benefits

### ✓ Protection against data loss

The biggest and most obvious benefit of a Managed Google Workspace Backup solution is that it ensures that all of your Google Workspace data is backed up and can be recovered in case of accidental deletion, user errors, ransomware attacks, or malicious activities.

### ✓ Compliance assurance

Having a proven Managed Google Workspace Backup solution in place helps you comply with all of your legal and regulatory requirements related to data protection and retention, reducing the risk of fines and penalties.

### ✓ Improved operational continuity

By providing you with quick recovery options, a managed Google Workspace backup solution helps minimise your downtime and ensures that your business operations continue smoothly after a data loss event.

### ✓ Cost-effective and reliable backups

Investing in a ready-made and proven Managed Google Workspace backup solution can be more cost-effective than developing and maintaining your own in-house backup solution.

### ✓ More simplified management

Having a centralised management of your Google Workspace backups reduces the burden on you, giving you more time to focus on other critical tasks.

### ✓ Secure data handling

By default, your Google Workspace backup data is securely stored, reducing the risk of unauthorised access and helping to ensure compliance with data protection regulations.

Protect your critical Google Workspace data with managed backups.

Our backups team will ensure that your data is continually backed up and protected.

Discuss your managed Google Workspace backup needs by calling us on +44 203 034 2244, or emailing [hello@cardonet.co.uk](mailto:hello@cardonet.co.uk)
